But the period of office is limited to the AGM following the completion of the age of 72 years.

3.5 Internal Organization**3.5.1 Allocation of Tasks Within the Board of Directors**

The Board of Directors acts as a joint body. Decisions are taken on the basis of the majority of the votes submitted.

The Chairman of the Board organizes and leads the work of the Board of Directors. In cooperation with the CEO, he makes sure that the other members of the Board receive the necessary information for their decision-making as well as the supervisory functions. He is the formal representative of the Group to the outside world. He may be assisted by one or two additional members defined by the Board.

3.5.2 Membership of the Board's Committees, their Duties and Responsibilities

The Board has formed two permanent committees:

Audit and Corporate Governance Committee

Chairman: Stefan Breitenstein
Members: Peter Leupp, Peter Pauli

The Audit and Corporate Governance Committee consists of nonexecutive members of the Board of Directors. It assists the Board of Directors in its supervisory financial duties and checks the effectiveness, performance, and compensation of the external auditors. The Audit and Corporate Governance Committee also oversees the financial reporting processes within the Group.

The Chairman of the Audit and Corporate Governance Committee furthermore acts as an independent contact for any concerns or advice on the Gurit Code of Conduct.

Nomination and Compensation Committee

Chairman: Urs Kaufmann
Members: Peter Leupp, Nick Huber

The Nomination and Compensation Committee prepares all relevant decisions of the Board of Directors with respect to the compensation of members of the Board of Directors and the Group management and submits the respective proposals and recommendations to the Board of Directors. It defines the guidelines for the selection and election of potential new members of the Board of Directors as well as the function of the Group's CEO. The committee approves appointments to the Group Management made by the CEO; the compensation system for the Group, in particular with respect to employee share option plans and performance-based remuneration plans; and the general principles of the Group's human resource policy.

To consult and execute specific and short-term projects or issues, special ad hoc committees can be nominated.

3.5.3 Working Methods of the Board of Directors and its Committees

The Board of Directors meets annually for at least four ordinary meetings, generally one in each quarter.

In 2017, the Board of Directors met six times. All meetings were held in person. Apart from one meeting, where one member of the Board of Directors was unable to attend, there was full attendance at all meetings. The average meeting duration of these meetings was 6 hours.

Composition of the committees changed in 2017 and the decision was taken that only committee members attend the committee meetings rather than the entire Board of Directors.

The Audit and Corporate Governance Committee met three times in person in 2017. The average meeting duration of the Audit and Corporate Governance Committee meetings was 2 hours.

The Nomination and Compensation Committee met two times in person in 2017. The average meeting duration of the Nomination and Compensation Committee meetings was 3 hours.

Meetings are summoned in writing by the Chairman. An invitation, along with a detailed agenda and documentation, is sent to all participants at least five days in advance of the date set for the meeting.

As a rule, the Chief Executive Officer attends meetings of the Board of Directors and the Committees. The Chief Financial Officer attends meetings of the Board of Directors and the Audit and Corporate Governance Committee meetings. In order to ensure that the Board has sufficient information to make decisions, other members of staff or third parties may also be invited to attend.

The Board meets quorum if all members have been duly invited and the majority of its members take part in the decision-making process. Members may

participate in deliberations and the passing of resolutions by telephone or other suitable electronic media if all participants are in agreement. The Board's decisions are taken on the basis of the votes submitted. In the event of a tie, the Chairman has the casting vote. Decisions may also be made in writing.

Proposals are sent to all members, and they are regarded as passed if the majority of members agree unconditionally and no member insists on discussion of the issues in question within an agreed period of time.

Members of the Board of Directors are obliged to leave meetings when issues are discussed that affect their own interests or the interests of persons close to them.

All proposals and decisions are entered in the minutes to the meeting.

3.6 Definition of Areas of Responsibility

The Board of Directors' main duties are the following:

- To formulate the general Group policy and the industrial concept behind the Group as a whole; to decide on any acquisition, sale, foundation, or liquidation of subsidiaries; and to approve of investment decisions exceeding CHF 500 000
- To define the Group's organizational structure and its organizing regulations
- To define the Group's financing strategy; decide on collective means of financing; to determine accounting, financial control and financial planning; and to approve the financial statements
- To appoint and dismiss Group Management and people entrusted with representation functions.

Apart from this, management is generally delegated to the CEO.

3.7 Information and Control Instruments vis-à-vis Executive Committee

As a rule, Group Management updates the Board of Directors and especially the Audit and Corporate Governance Committee on operations and the Group's financial position every month. In addition, the CEO and CFO report back on business and all matters of relevance to the Group at each Board meeting. Risk management forms an integral part of the Group's conduct of business. A formal risk management review and subsequently an update of the risk profiles are performed by the Business Units and the Executive Committee. The Executive Committee ensures that appropriate measures are taken to mitigate risks. The Board of Directors is informed in the Board of Directors' meetings of the Group's risk profile and mitigating action plans. If the Group is exposed to major new risks, the Chief Executive Officer or his deputy will inform the chairman of the Board of Directors immediately after he became aware of the risk. Further detail regarding Gurit's Risk Management is provided in the Group Business and Financial Review on page 11f of this Annual Report.
